WHEATMEN MATCH REPORT

Under 6s

It was good to be home again and to celebrate the Club's annual Jelly Baby Day this Saturday. A strong warm up session set the tone for the match. The Under 6 Wheatmen came to play and were ready to face the TACAPS team. Early ball out into the backline resulted in a quick try within the first few minutes. Our skills were superior and we continued to run in tries after breaking our opponents defensive line. It was good to see the team throwing the ball around a little more and spreading out the line of defence and attack. Determined tags saved a couple of certain tries. These improvements are reaping rewards and the whole team is playing really good Under 6 Rugby. The coaching of Mr McLean is developing great little Wheatmen.

Elizabeth Carter, Team Manager

Under 9s

This week's match was a home game in the beautiful town of Dalby. Up against a very competitive TACAPS Under 9s side that were ready to test our boys and girls to the fullest. It was a very competitive game early, going try for try. The Wheatmen Under 9s had to knuckle down and work hard together to wrestle the momentum of the match in their favour. Each and every player did themselves proud with the effort and commitment they put in for the team. Great work at the breakdown, running straight and hard and crisp clean passes allowed our Under 9s side to run away with the victory. Coach Stirling said he was "very pleased with the commitment shown by the team and the improvement they showed at the breakdown. We still need to be very hungry for the ball but the improvement was great".

Heath Sinclair, Team Manager
