Wheatmen teenagers trifecta

Under 13s Coaches Match Report

Under 13s continued on their merry way beating USQ Saints 87 nil on Sunday. We had quite a few out this week so that makes the win even better, it also allowed some players to get in and have a go at some different positions. As a team when things are going really well we have to try and focus on doing the little things right. It is easy when winning by big margins to sit back and think we don't need to worry about some jobs or that someone else will do it. There are always things we can improve on so we will try to do that throughout the rest of the season. The next game is not until the 22nd of April so we will have a few weeks off and enjoy some Easter eggs.

Under 14s Coaches Match Report

What a great day for teenage rugby with all our teenage teams winning on Sunday for the first time in years. The Under 14s Wheatmen played with great spirit to beat last year's premiers Toowoomba Bears, 24-17. The boys really deserved this win as they have been really competitive all season but have been missing out on the win. We now have a few weeks off over Easter and this win will really give the boys extra motivation after the break, as it really shows that they can compete against their more fancied Toowoomba rivals. There was a couple of boys who really stepped up and played their best game of the season these boys were Rylie Hughes who made a couple of great tackles, Todd Griffiths who is really starting to play some strong footy at breakaway and is becoming a valuable asset of the bench. It was a great win and bring on the rest of the season as the more games these boys play the better they get.

Regards Coach Johnno

Under 15s Coaches Match Report

The Under 15s had their first win of the season over the Goondiwindi Emus, 29-7. We had our best team on the park and it showed with everyone really digging in and having a go in hot conditions. After a draw with USQ, hopefully the boys get some confidence out of this win and go on to really shake up the competition. Best players on the day were Ronan Austin and Anthony Connellan, but the whole forward pack were awesome. A special mention to the four Under 14s boys - Joey, Jack, Nathan and Hamish who came from Highfields to help out, they made a big difference to our team. See you all after Easter.
